

ONLINE COURSES FOR ALL POLYTECHNIC STUDENTS

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
1	Mastering the Basics of Microsoft Excel	03 Hours	Free	Learn how to use Microsoft Excel and pick up advanced spreadsheet skills in this free online data visualisation course	https://alison.com/
2	Excel for Beginners	05 Hours	Free	Cell Referencing, Tables and Borders in Excel, Date and Time in Excel, Sorting and Filtering, If-Else condition, General functions in Descriptive Analysis	https://www.shiksha.com/online-courses/
3	Basics of Data Analysis with Excel	04 Hours	Free	Master the fundamental concepts used to handle data and manipulate functions in this free online Excel training course.	https://alison.com/
4	How to Use Microsoft Excel Power Pivot	03 Hours	Free	This course explains how to use MS Excel Power Pivot to create useful data models from complex data sets.	https://alison.com/
5	Power Query and Power Pivot in Microsoft Excel	04 Hours	Free	Learn how to use Microsoft Excel's Power Query and Power Pivot to model data.	https://alison.com/
6	Microsoft Access Masterclass	06 Hours	Free	Learn the principles for the creation and proficient use of databases with Microsoft Access.	https://alison.com/
7	Learn the principles for the creation and proficient use of databases with Microsoft Access	03 Hours	Free	Learn how to analyse big data using mining and clustering techniques.	https://alison.com/
8	Office 365 for End Users	03 Hours	Free	Office 365 for End users, will teach students about what Office 365 is, the various applications included within Office 365, including Outlook for email, OneDrive for document storage, Delve, Video, and SharePoint for team and public sites, as well as the process for signing into their Office 365 account.	https://alison.com/
9	Photoshop for Beginners	04 Hours	Free	Course on Fundamentals of Adobe Photoshop	https://www.classcentral.com/
10	TechA Adobe Photoshop Mastery Certification	02 Hours	Free	Advanced Techniques, Editing, Introduction, Layers, Photoshop Features, SVG elements, Working with Color.	https://info.springboard.onwingspan.com/
11	Build a free website with WordPress	02 Hours	Free	Open a free website on WordPress it and add pages to the website.	https://www.coursera.org
12	Build a Fruits Slice Game (HTML, CSS and jQuery)	04 Hours	Free	Project Introduction, Page Structure and Styling, Game Logic jQuery Code, Source Code	https://www.mygreatlearning.com/academy/
13	Communication Skills	04 Hours	Free	What is communication, Verbal and non-verbal communication, Barriers in communication, How to communicate effectively	https://www.shiksha.com/online-courses/
14	Email Etiquette	02 Hours	Free	Introduction to Email Etiquette Format of an Email Do's and Don'ts of Email Writing Case Study	https://www.tcsion.com/

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
15	Presentation Skills	02 Hours	Free	What is a Presentation? The 5 Ws for a Presentation How to Prepare Effective Slides? Dos and Don'ts of Creating a Presentation Dos and Don'ts of Presenting a Presentation Handling Questions	https://www.tcsion.com/
16	Google Ads for Beginners	02 Hours	Free	Create a Google Ads account and set up first campaign structure, Create ad groups, do keyword research, set up audience targeting, and write ads, Learn how to use the tools and settings available to optimize campaigns and make them profitable	https://www.coursera.org
17	Google Sheets Masterclass: Create and Analyse Spreadsheets	04 Hours	Free	This course explains how to use Google Sheets to meet all your spreadsheet and data management needs.	https://alison.com/
18	Image Compression Simplified	02 Hours	Free	Why Image Compression What is Image Compression Image Decoding and Encoding Assessment Image Compression Simplified.	https://infyspringboard.onwingspan.com/
19	Introduction to Digital Marketing	02 Hours	Free	What is Digital Marketing?, Why Digital Marketing?, How to do Digital Marketing?, Types of Digital Marketing, Content Marketing	https://www.mygreatlearning.com/
20	Introduction to Digital Marketing Fundamentals Course	02 Hours	Free	Digital Marketing, History of Digital marketing, Digital Growth, Basic Digital Marketing concepts	https://www.simplilearn.com/
21	Digital Marketing Strategy	02 Hours	Free	Digital Marketing Strategy, Customer Segment and Persona, Market Research, Customer Lifetime Value	https://www.simplilearn.com/
22	Foundations of Digital Marketing and E-commerce	18 Hours	Free	Define the fields of digital marketing and e-commerce Describe the job responsibilities of an entry-level digital marketer and e-commerce specialist Explain the concept of a marketing funnel Understand the elements and goals of a digital marketing and e-commerce strategy	https://www.coursera.org
23	Introduction to Paid Media Marketing	11 Hours	Free	explore the basics of online advertising, including Google Ads, Facebook Ads, and Instagram Ads. You'll learn how to set up your Google Account and Analytics and explore effective advertising tips for Facebook and Instagram.	https://www.simplilearn.com/
24	Impress with Your Interview Skills	02 Hours	Free	Objectives, Process before the Interview, Process during the Interview, Process after the Interview	https://www.tcsion.com/
25	Leading for Success	03 Hours	Free	This course will help managers to understand emotional intelligence and its impact at the workplace. It will enable them to improve their emotional intelligence.	https://infyspringboard.onwingspan.com/
26	Digital Leadership in Business	04 Hours	Free	Awareness of digital technologies, Rules of personal leadership, Team building	https://www.simplilearn.com/

49

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
27	Business Analysis & Process Management	02 Hours	Free	Analyze business processes and find solutions to existing business problems Define your business processes, their objectives and how they flow within the organizational context Evaluate the current business from a process view, break down the problems, and find an applicable business solution.	https://www.coursera.org
28	Fundamentals of Quality Standards	03 Hours	Free	Learn about the fundamentals and practices of Quality Standards and apply them effectively to your organization	https://alison.com/
29	Diploma in Quality Management	15 Hours	Free	Learn essential modern quality management standards and how to effectively apply quality management practices today.	https://alison.com/
30	Understanding Cost of Quality and TQM Tools	03 Hours	Free	Learn about Quality Management standards and practices with this free TQM certification course on the Cost of Quality.	https://alison.com/
31	Diploma in Six Sigma	15 Hours	Free	Learn how to minimize variability and defects in your manufacturing processes with Six Sigma tools and techniques.	https://alison.com/
32	Introduction to Analysis with Power BI Desktop	04 Hours	Free	Learn to design robust data models and amazing reports to improve business intelligence.	https://alison.com/
33	Introduction to Computer Networking Basics	03 Hours	Free	Basic Networking Concepts, Networking Protocols, Network Topologies, IP Addressing and Subnets, Network Security	https://www.simplylearn.com/
34	Basics of Cisco Network Associates	04 Hours	Free	Train as a Cisco Associate in this free online networking course that covers switching, routing, security and more.	https://alison.com/
35	The Bits and Bytes of Computer Networking	25 Hours	Free	Build your Networking expertise	https://www.coursera.org
36	Google Cloud IAM and Networking for Azure Professionals	03 Hours	Free	This course covers the terminology and important concepts needed to work with the Google Cloud Platform. The course gives a basic understanding of the following elements of the Google Cloud Platform: Google Virtual Private Cloud (VPC), Compute Engine, Cloud Storage, Cloud Datastore, Cloud SQL, Google Bigtable Cloud Spanner	https://www.coursera.org
37	Coding for Beginners: Learn to Build Logic and Write Code	06 Hours	Free	learn C++ syntax and will be able to use Visual Studio	https://www.udemy.com/
38	Code Bootcamp : Learn to code by building 20 real projects	10 Hours	Paid	Build projects with HTML CSS JavaScript Build Projects with Python	https://www.udemy.com/

105

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
39	Coding : Learn Scratch, Python, Robotics, Html CSS	16 Hours	Paid	Build very interesting Games using Scratch Create Animations & Stories using simple programming concepts Python : Build various shapes using Turtle graphics Build numerous mathematical applications with advanced Python Programming like Student Grades Calculator, number series etc. Create a website using HTML coding & style	https://www.udemy.com/
40	Coding for Beginners 1: You Can Learn to Code!	12 Hours	Free	The perfect course for complete beginners. Friendly - No experience required. Go from scratch to coding a real app!	https://www.udemy.com/
41	Coding For Beginners 2 - Get Started With Web Development!	16 Hours	Paid	Get introduced gently to HTML, CSS & JavaScript	https://www.udemy.com/
42	The Complete Coding for Beginners	16 Hours	Free	Learn to Code From Scratch: Become a Developer with this Step-by-Step Coding Course - Includes Many Coding Projects!	https://www.udemy.com/
43	Beginning Coding Using Qbasic	06 Hours	Paid	Learn QBasic syntax, Create stand alone programs using QB64	https://www.udemy.com/
44	Learn Programming - An Introduction For Non-Programmers	03 Hours	Paid	Understand the basic concepts of programming Be prepared to learn any programming language	https://www.udemy.com/
45	Pre-Programming: Everything you need to know before you code	06 Hours	Free	Better understand the fundamentals of how programming works, Understand the fundamentals of how computers work and how that relates to modern web technology	https://www.udemy.com/
46	Introduction to Computer Programming for Beginners	09 Hours	Paid	Get started with C#, SQL, Java, C, C++ and Python The main principles and fundamentals of Computer Programming, The main code constructs in C#, SQL, Java, C, C++ and Python	https://www.udemy.com/
47	Full Introduction to Programming Course	06 Hours	Paid	Learn programming concepts, Get equipped with the skills to learn any programming language, Practise programming with simple coding examples, Learn Kotlin as a beginner.	https://www.udemy.com/
48	Absolute beginner's guide to programming and computers	10 Hours	Paid	Using programming creatively in conjunction with user experience design and web design – basics of how to create a simple website (HTML, CSS and JavaScript).	https://www.udemy.com/
49	Programming C#: Advanced	10 Hours	Free	course deals with working with objects, methods in classes, inheritance, interfaces and arrays in C#.	https://alison.com/
50	Programming Fundamentals: An Introduction to Pseudocode (Advance course)	03 Hours	Paid	programming fundamentals including an introduction to Flowcharts and Pseudocodes.	https://www.udemy.com/
51	Programming Using Rust Language	03 Hours	Free	course teaches how to code high-performance, secure programs using the Rust programming language.	https://alison.com/

69

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
52	Starting JavaScript Programming	04 Hours	Free	Learn to code in this free online web development course that explains how to program in JavaScript to create websites.	https://alison.com/
53	TechA Java Spring Programming Certification	02 Hours	Free	Introduction Java Spring Inversion Of Control - loc JSP Basics Quick Introduction to Spring Framework Spring Framework Spring MVC XML dependence Injection	https://infyspringboard.onwingspan.com/
54	TechA GO Programming Certification	02 Hours	Free	Advanced Building blocks Applying Algorithms Cobra and Viper Concurrency Exploring Core Constructs Go Fundamentals Standard Library, Web Server and Clients	https://infyspringboard.onwingspan.com/
55	TechA C++ Programming Advanced Certification	02 Hours	Free	Concurrency Creating Better Interfaces & Functions Going Object Oriented Introduction to C++ & Coroutines Language Features Math Problems Streams and Filesystems Task-Level Parallelism Working with Collections Writing Generic Code with Templates	https://infyspringboard.onwingspan.com/
56	TechA Python Programming Foundation Certification	02 Hours	Free	Basic Numeric Data Types and Conditional Execution Good Python Practices Introduction to Python, Loops and Methods Object Oriented Programming Python Coding Standards Python Data Structures	https://infyspringboard.onwingspan.com/
57	Associate in IT Foundation Skills (Python)	03 Hours	Free	By successfully completing this certification you would be able to: 1. Code, test and debug Python programs 2. Write and execute SQL queries	https://infyspringboard.onwingspan.com/
58	Master the Pandas Library in Python Programming	03 Hours	Free	expands your knowledge of the Pandas library in Python programming.	https://alison.com/
59	Python Fundamentals for Beginners	04 Hours	Free	Introductory course for Python Programming	https://www.mygreatlearning.com/academy/
60	Advanced course in Python Programming for the Novice to Expert	20 Hours	Free	Get to know and apply the advanced functions, tools, and applications of Python coding with this free online course.	https://alison.com/
61	An Introduction to Julia Programming Language	04 Hours	Free	Learn to code with the Julia programming language and explore advanced programming concepts.	https://alison.com/
62	Python Artificial Intelligence Projects for Beginners	04 Hours	Free	Building Your Own Prediction Models Applications for Comment Classification Deep Learning	https://www.mygreatlearning.com/academy/
63	Python for Data Science: From the Basics to Advanced	10 Hours	Free	This data science course teaches the basics of Python programming as well as the NumPy and Pandas libraries.	https://alison.com/
64	Advanced SQL Server	10 Hours	Free	Develop an in-depth understanding of the concepts and functions of an advanced SQL server with this free online course.	https://alison.com/
65	Diploma in MySQL and Statistics for Data Analysis	15 Hours	Free	Improve MySQL proficiency along with data analytics and statistics skills	https://alison.com/

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
66	Introduction to Artificial Intelligence	02 Hours	Free	Purpose of artificial intelligence technology, Concepts of deep learning and machine learning workflow, Supervised learning, Semisupervised learning, Unsupervised learning	https://www.simplilearn.com/
67	AI For Everyone	06 Hours	Free	The meaning behind common AI terminology, including neural networks, machine learning, deep learning, and data science, What AI realistically can and cannot do, How to spot opportunities to apply AI to problems in your own organization, What it feels like to build machine learning and data science projects, How to work with an AI team and build an AI strategy in your company, How to navigate ethical and societal discussions surrounding AI	https://www.shiksha.com/online-courses/
68	Explainable AI Explained	05 Hours	Free	Learn how explainable AI makes AI models more transparent, and build fair AI systems.	https://alison.com/
69	AI Essentials	10 Hours	Free	Introduction to AI Maximize Productivity With AI Tools Discover the Art of Prompt Engineering Use AI Responsibly Stay Ahead of the AI Curve	https://grow.google/intl/en_in/certificates/
70	Generative AI and Large Language Models for Beginners	03 Hours	Free	This course explores the AI behind tools like ChatGPT, Gemini, and DALL-E for image and text generation.	https://alison.com/
71	Master Course in Generative AI (Artificial Intelligence)	05 Hours	Free	Become a Generative AI Expert and Take Your Career to the Next Level : The Complete Guide to Generative AI	https://alison.com/
72	Artificial Intelligence in Project Management	03 Hours	Free	Learn how Artificial Intelligence can supercharge the project management processes, from planning to execution.	https://alison.com/
73	Introduction to Responsible AI Use and Design	03 Hours	Free	Learn about Responsible AI systems, their ethical principles, and how to implement these practices in product design.	https://alison.com/
74	ISO/IEC 42001:2023 - Artificial Intelligence Management System (AIMS)	15 Hours	Free	This course teaches how to implement responsible AI as outlined in the new ISO Standard.	https://alison.com/
75	Data Science foundations	02 Hours	Free	Foundation course on Data Science	https://www.mygreatlearning.com/
76	Introduction to Data Science	03 Hours	Free	Learn how to extract information from data using data science methods, with this introduction to data science course.	https://alison.com/
77	Data Science - Working with Data	03 Hours	Free	Learn how to prepare and analyze data using different software and programming languages	https://alison.com/
78	Data Science Masterclass for Beginners	04 Hours	Free	Define data science Identify the three primary analyses in data mining that focus on extracting patterns Differentiate between machine learning and deep learning	https://alison.com/

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
79	Statistics: Effectively Displaying Data	03 Hours	Free	Learn about the methods used to display data effectively.	https://alison.com/
80	Introductory Stata 2023: Graphics and Data Visualization	03 Hours	Free	Learn how to use Stata to draw graphs to analyze, visualize and present data.	https://alison.com/
81	Data Analytics - Introduction to Machine Learning	03 Hours	Free	Machine learning and its use in modern data analytics.	https://alison.com/
82	Learn how to analyse big data using mining and clustering techniques	05 Hours	Free	Learn about the relationship between data science and A.I. machine learning technology.	https://alison.com/
83	Data Science with Python	04 Hours	Free	Learn how to use Python to create fascinating data visualizations, Financial and Economic Data Application, Data Visualization, Development Setup and Language Learning Bridge between Python and JS, Heavyweight Scraping with Scrapy, Plotting and Visualization, and Data Aggregations and Group operations	https://www.shiksha.com/online-courses/
84	Using Python for Data Science	10 Hours	Free	Learn how to use your basic Python knowledge and turn it into a career in data science with this free online course.	https://alison.com/
85	Data Analytics with Python	10 Hours	Free	course covers the importance and uses of data analytics in making business driven decisions in industries.	https://alison.com/
86	IT Management - Software and Databases	03 Hours	Free	Understanding Software And Database Technologies For Management Learn more about software and database technologies. Database Management Learn more about database management. Course assessment	https://alison.com/
87	Data Protection Officer Training	04 Hours	Free	Train as a data protection officer in this course that explains how to protect the integrity of information.	https://alison.com/
88	AWS For Beginners	03 Hours	Free	Why Cloud Computing?, What is Cloud Computing?, Cloud Service Models, Cloud Deployment Models, Cloud Computing Myths	https://mygreatlearning.com
89	AWS Fundamentals: Addressing Security Risk	10 Hours	Paid	to study the security best practices of managing and developing applications.	https://www.careers360.com/
90	Basics of Automation Anywhere	03 Hours	Free	Designing Blueprints, Problem Solving, Process Automation, Identifying Business Processes	https://www.simplilearn.com/
91	Introduction to Robotic Process Automation (RPA)	01 Hour	Free	Insight of Robotic Process Automation	https://www.simplilearn.com/
92	Introduction to Cybercrime	02 Hours	Free	What is Cybersecurity, Basic Network Terminologies, The Rise of Cybercrimes, What is a Cybersecurity Threat, Different types of Cyber Attacks, SQL Injection Attack,	https://www.simplilearn.com/

91

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
93	Introduction to Cyber Security	02 Hours	Free	Cybersecurity Fundamentals, Threat actors attacks, Mitigation, Security policies and procedures, Secure architecture, Wireless networks, Network security controls, BYOD security testing, IS governance, Risk management,	https://www.simplilearn.com/
94	Cyber Security Foundations	15 Hours	Paid	What Are the First Steps in Protecting My Data?, How to Address Suspicious Internet Activity, How to Secure Myself, My Data and My Company	https://www.shiksha.com/online-courses/
95	Cybersecurity Compliance Framework & System Administration	11 Hours	Free	Meet the key requirements of your role in the cybersecurity domain with Client System Administration, Server Administration and Cryptography	https://www.coursera.org/
96	The Complete Cyber Security Course: Network Security	14 Hours	Free	Routers - Port and Vulnerability scanning, Firewalls, Network Attacks, Architecture and Isolation, Wireless and Wi-Fi Security, Network Monitoring for Threats, How We Are Tracked Online, Search Engines and Privacy, Browser Security and Tracking Prevention, Passwords and Authentication Methods	https://www.shiksha.com/online-courses/
97	Diploma in Cyber Security	10 Hours	Free	Earn a diploma in cyber security with this free online course that covers mobile and cloud security and ethical hacking.	https://alison.com/
98	Introduction to IoT	02 Hours	Free	Beginner course for IoT	https://www.simplilearn.com/
99	Introduction to the Internet of Things (IoT)	03 Hours	Free	Learn about the technology behind the Internet of Things (IoT).	https://alison.com/
100	Internet of Things and the Cloud	03 Hours	Free	Discover how the Internet of Things and Cloud Computing interact with each other	https://alison.com/
101	Complete Guide to Arduino Multithreading and Coding	03 Hours	Free	how to use protothreads to program your Arduino to perform multithreads.	https://alison.com/
102	Arduino and Programming in Internet of Things	06 Hours	Free	Learn about Arduino programming in Internet of Things (IoT), Raspberry Pi and Python	https://alison.com/
103	ChatGPT Playground for Beginners: Intro to NLP AI	02 Hours	Free	Work with the fundamental operations of ChatGPT, tokens, models, parameters, and influence the generated responses.	https://www.coursera.org
104	ChatGPT Prompt Engineering for Developers	02 Hours	Free	Understand the core concepts and be able to describe how LLMs work Understand and build intuition around best practices for prompt engineering Use LLM APIs, and understand how they can be used in applications for a variety of tasks.	https://www.coursera.org
105	ChatGPT Prompt Engineering: From Beginner to Expert	04 Hours	Free	Learn how to craft effective prompts to unlock the full potential of ChatGPT	https://alison.com/

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
106	ChatGPT for Beginners: Save time with Microsoft Excel	03 Hours	Free	learn how to effectively standardize, extract, classify, and generate data through the combined power of Excel and ChatGPT.	https://www.coursera.org
107	Gateway to Quantum Computing - Exploring the Basics	03 Hours	Free	Learn the basic concepts surrounding quantum computing and how it can positively impact different industries.	https://alison.com/
108	TechA JavaScript Game Developer Foundation Certification	02 Hours	Free	Build a JavaScript Game Building a Coin Toss and Scrabble Game Application Introduction to JavaScript Event-Listeners Animation and Creating Elements Javascript countdown timer JavaScript in action learn how to code with JavaScript	https://infyspringboard.onwingspan.com/
109	TechA Java Full Stack Developer Certification	02 Hours	Free	Express.js Graphical User Interface (GUI) Java Basics Java Control Flow and Other Core Features MongoDB and Beyond Node.js and NPM Object Oriented Programming	https://infyspringboard.onwingspan.com/
110	Associate in IT Foundation Skills (Java)	03 Hours	Free	Java, Software Engineering, SQL	https://infyspringboard.onwingspan.com/
111	ReactJS for Beginners	05 Hours	Free	Components of ReactJS, ReactJS nesting components, ReactJS props, React state, React router, React middleware	https://www.simplilearn.com/
112	Introduction to Cloud Computing	02 Hours	Free	Cloud security, Cloud provider selection, Cloud workloads, Cloud deployment and migration across multiple platforms, Database skills, Serverless architecture	https://www.simplilearn.com/
113	Introduction to Cloud Security	07 Hours	Free	Cloud computing concepts, Cloud architecture and design, Risk management and analysis, Disaster recovery, Business continuity, Cloud infrastructure security	https://www.simplilearn.com/
114	Introduction to Ethical Hacking	03 Hours	Free	What is Hacking?, Computer Security Threats, Goals of Ethical Hacking, Skills and Tools required for Ethical Hackers, Process of Ethical Hacking	https://mygreatlearning.com
115	Introduction to Game Design	06 Hours	Free	This course is an introduction to the primary concepts of gaming, and an exploration of how these basic concepts affect the way gamers interact with our games.	https://www.classcentral.com/
116	Build Wireframes and Low-Fidelity Prototypes	17 Hours	Free	Create storyboards to come up with ideas about solutions to user needs. Create wireframes on paper and digitally in the design tool Figma. Build paper prototypes to create interactive designs. Design low-fidelity prototypes in Figma.	https://www.coursera.org

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
117	Foundations of User Experience (UX) Design	19 Hours	Free	Identify common job responsibilities of entry-level UX designers and other teams you might work with. Understand foundational concepts in UX design, such as user-centered design, the design process, accessibility, and equity-focused design. Explain why design sprints are an important and useful part of a UX designer's work.	https://www.coursera.org
118	UX Design Process: Empathize, Define, and Ideate	21 Hours	Free	Empathize with users to understand their needs and pain points. Develop problem statements to define user needs. Generate ideas for possible solutions to user problems.	https://www.coursera.org
119	Angular .NET Core Associate Developer	03 Hours	Free	Creation of web services with appropriate routing using ASP.NET Core Web API and creation of user interface using Angular and consumption of the web services created in ASP.NET Core Web API	https://infyspringboard.onwingspan.com/
120	Web Development for Beginners	04 Hours	Free	This course will cover the basics of Web and Website creation which includes Web Architecture ? Basic concepts of HTML, CSS and JavaScript and also it provides a hands-on experience on creating a Quiz website using HTML, CSS and JavaScript.	https://www.simplilearn.com/
121	Web Development With jQuery, Ajax and JSON	04 Hours	Free	List the advantages of using jQuery, AJAX and JSON, State the main features of the jQuery library, Discuss the various methods of sending AJAX requests, Summarise the basics of working with JSON, Indicate the process of changing the request type of AJAX to the server, Outline the steps for creating a navigation menu, Explain the process of creating a web chat application, Describe how to develop search functionality for a website	https://alison.com/
122	R Programming for Data Science	10 Hours	Free	R course teaches you the basics of R Programming and how to use it in your data science career.	https://alison.com/
123	Mastering Machine Learning with R	10 Hours	Free	Learn about the algorithms and models involved in mastering Machine learning with R.	https://alison.com/
124	Course in Information Systems and Organization Strategy	15 Hours	Free	This free online course shows you how the implementation of information systems affects organizational strategy.	https://alison.com/
125	TechA Ansible Foundation Certification	02 Hours	Free	Ansible Tower and its Usage Basic Hardening Installation and execution Introduction Labs Setting Up the Environment Variable	https://infyspringboard.onwingspan.com/
126	TechA Blockchain Developer Certification	02 Hours	Free	Ethereum Blockchain Hashes, Blockchains and Smart Contracts Hyperledger Composer Hyperledger Fabric Transactions	https://infyspringboard.onwingspan.com/

Handwritten signature

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
127	TechA Docker Apprenticeship Certification	02 Hours	Free	Docker Networking Prime, Docker Volumes, Multi-Host Orchestration and Service Discovery.	https://infyspringboard.onwingspan.com/
128	TechA Jira Administration Certification	02 Hours	Free	Development Using Jira Software Extending JIRA Group Management Jira 7 Fundamentals Jira Core and Jira Service Desk Layout Design and Scheme Searching and Reporting in Jira.	https://infyspringboard.onwingspan.com/
129	TechA Testing Fundamentals Certification	02 Hours	Free	Agile/Scrum/Jira" Black Box Bug Life Cycle SDLC Test Case Testing Types Traceability Matrix	https://infyspringboard.onwingspan.com/
130	Technical Support Fundamentals	26 Hours	Free	Build your Support and Operations expertise	https://www.coursera.org
131	Mastering Digital Twins	10 Hours	Paid	Complete Know How of Digital Twins	https://www.careers360.com/
132	Diploma in Mechatronics	15 Hours	Free	This free engineering course will teach you about the working principles of the key elements of mechatronic systems.	https://alison.com/
133	Advanced Chemistry: Analytical Chemistry and Organic Synthesis	03 Hours	Free	This science course explains how to detect and identify chemical substances and discusses drug design.	https://alison.com/
134	Medical and Clinical Administration	04 Hours	Free	Learn how to work in and manage a successful healthcare facility in this medical administration course.	https://alison.com/
135	Medication Safety: Handling and Administration	03 Hours	Free	Enhance safety in medication handling and administration practices effectively with this free online course.	https://alison.com/
136	Microbiology Laboratory Technician	04 Hours	Free	Pursue a career on the cutting edge of science and become an efficient lab technician with this course.	https://alison.com/
137	Pharmacotherapy: Cardio, Respiratory, Gastro & Endocrine Systems	03 Hours	Free	Learn about the functions of the different systems in the human body with this free online pharmacology course.	https://alison.com/
138	Safe Medication Management	04 Hours	Free	This course explains how to manage medications safely and establishes the importance of hygiene in the home.	https://alison.com/
139	Basics of Vaccination	03 Hours	Free	This epidemiology course explores the role of vaccines in controlling global diseases and pandemics.	https://alison.com/
140	Drug Discovery, Design, and Development	06 Hours	Free	This course teaches how scientists effectively discover, design, and develop medicines.	https://alison.com/
141	Genes and Responsive Drug Delivery Systems	15 Hours	Free	Can genes be designed and engineered for both drug delivery systems and vaccines? This course shows what is possible.	https://alison.com/
142	Community and Institutional Pharmacy	03 Hours	Free	Learn about the principles of community pharmacy and institutional pharmacy with this free online course.	https://alison.com/
143	Diploma in Bioinformatics	15 Hours	Free	Learn about the role of bioinformatics in the design, development and discovery of new drugs	https://alison.com/
144	Diploma in Childcare and Nutrition	04 Hours	Free	Learn how to care for children in this childcare course that covers topics like nutrition and safeguarding.	https://alison.com/
145	Diploma in Drug Development	10 Hours	Free	Learn about biosynthesis and anti-ulcer drugs in drug development with this free online diploma course	https://alison.com/

S.N.	Course Name	Duration	Free/Paid	Main Contents	Available at Platform
146	Diploma in Medical Coding and Billing	20 Hours	Free	Learn how medical assistants handle healthcare coding and billing in this medical administration course	https://alison.com/
147	Diploma in Mental Health	15 Hours	Free	Learn how to manage mental wellbeing with this free online mental health diploma course that explores human psychology.	https://alison.com/
148	Diploma in Pharmacy Technician	10 Hours	Free	Learn the principles of pharmacy practice and how to recognize common physical disorders with this free online course.	https://alison.com/
149	Diploma in Phlebotomy	10 Hours	Free	Learn how to work with blood and become a professional phlebotomist in this healthcare diploma course.	https://alison.com/
150	Advanced Diploma in Organic Chemistry in Biology and Drug Development	25 Hours	Free	Learn about the application of organic chemistry in biology and drug development	https://alison.com/

Alison
